The Florida Courts E-Filing Portal provides self-represented litigants with a variety of DIY, or "Do It Yourself," forms. The forms are easy to follow and free to use. DIY Florida is a free-to-use electronic filing application that helps self-represented litigants complete court forms. Located in the Florida Courts E-Filing Portal, DIY Florida uses an interview-style web interface to collect the required information and prepare your court forms. After your forms are prepared, the forms can be filed through the Florida E-Filing Portal. Required filing and service fees may apply.
